Gobo template, size A

Outer diameter 100 mm, image area 75 mm, drawn at 1:1

A: outer 100 mm, image area 75 mm

Print at 100%: check this measures 50 mm

Print at 100% or Actual size, not Fit to page. Fits A4 and US Letter.
Solid line: the outer edge of the gobo. Dashed line: the image area.
Keep your design inside the dashed line, with a small margin.
Say which colour means light when you order.
These assume the light hits the surface straight on. For an angled throw, Gobo Designer corrects the keystone for you.
